DSB-Compact 310

Thin-cutting band saw

Year of construction: 2017
Operating hours: 6991
Serial number: 5145-0053
Manufacturer: WINTERSTEIGER
Machine location: Ried im Innkreis - Austria

Thin-cutting band saw DSB Compact 310
Machine voltage: 3x400-415V/50Hz
Included items:
- Basic machine with standard equipment
- Remote service package
- LED machine lamp
- Wet cutting system
- Roller table - infeed
- Roller table - outfeed
- Cutting width 310mm
- Warranty: 1 year

Technical data:
Rated power main drive: 17 KW
Block width min.: 30 mm
Block width max.: 310 mm
Block height min.: 5 mm
Block height max.: 165 mm
Block length min.: 350 mm
Minimum slat thickness: 2.0 mm
Feed speed, infinitely variable: 1 - 16 m/min
Saw blade speed, infinitely variable: up to 40 m/sec.
Cutting accuracy: approx. +/-0.20 mm
kerf: from 1.1 mm
Saw blade width: 52 mm / 55 mm with X-Clean saws
Saw blade length: 5000 mm
Diameter of deflection rollers: 800 mm
Suction nozzle (number/diameter): 1 x 150 mm / 1 x 100 mm
Air speed: min. 30 m/sec.
Compressed air: 6 bar
Required extraction capacity: 250 l / min

- Price: 55.000 EUR
