

DSB Prime ST

Significant increase in performance

显著提升性能

Stellite® thin-cutting band saw blade from WINTERSTEIGER with the thinnest kerf, made in best German quality.

Enables precise and performance-optimized interaction between band saw blade and machine for your resource-optimized cutting process of hard and soft wood.

WINTERSTEIGER 的 Stellite® 薄切割带锯条具有极薄的锯路，以卓越的德国质量制造而成。

能够在带锯条和带锯机之间实现精确配合，以优化资源的方式切割硬木和软木。

Your benefits summed up:

- Thinnest cutting kerf
- Optimized saw blade performance
- Resource optimized cutting process in combination with WINTERSTEIGER band saws
- Perfect price/performance ratio
- Highest saw blade quality – „Made in Germany“
- From the worldwide market leader for thin-cutting saw blades
- State of the art saw blade factory with more than 50 years of experience
 - 7.000 m² for saw blade production area
 - 5.000.000 linear meters of saw blades per year
- Innovative and experienced saw blade development
- Qualified support by our application technicians
- Worldwide customer references
- Individual saw service

优势总结：

- 极薄的锯路
- 优化了锯条性能
- 与 WINTERSTEIGER 带锯机配合使用，以优化资源的方式切割
- 卓越的性价比
- UDDEHOLMSTRIP SAWSTEEL 特别打造而成
- 薄切锯条的全球市场引领者
- 50 多年经验成就极为先进的锯条生产
 - 7,000 m² 锯条生产区/
 - 每年 5,000,000 延米锯条
- 始终坚持创新锯条开发
- 我们的应用技术人员可提供专业支持
- 客户参考项目遍布世界各地
- 独特的锯条服务
