**1. Product:** Plastic Plugs      **Ref. No.** 55-530-420 to -427,  
55-530-430, -431

- 1.1 Chemical characterization : Etilene ( $C_2 H_4$ )<sub>n</sub>
- 1.2 Form : moulding form - plug
- 1.3 Colour : Opaline
- 1.4 Odour : Inodorous

---

## 2 Physical data and safety data

- 2.1 Change in physical state:
  - Melting point = 110° C
  - Ignition point = 350° C ASTM 1929
- 2.2 Density : (20° C) : 0,910 - 0,935 g/cmc
- 2.3 Vapour pressure : No value
- 2.4 Viscosity : MF1 190° C. Kg. 2,160 - gr. 10 10 minutes
- 2.5 Solubility in water : Undissolvable
- 2.6 Valore del PH :
- 2.7 Flash point : 350° C ASTM 1929
- 2.8 Ignition temperature : 350° C ASTM 1929
- 2.9 Explosion limits : None
- 2.10 Thermal decomposition : Ash

# Safety Data Sheet

**WINTERSTEIGER**

A-4910 Ried/I., Dimmelstr. 9  
Tel.: 07752/919-14, Fax: -52  
e-mail: [sports@wintersteiger.co.at](mailto:sports@wintersteiger.co.at)  
Internet: [www.wintersteiger.com](http://www.wintersteiger.com)

2.11 Hazardous decomposition products : None

2.12 Hazardous reactions : None

2.13 Further informations : None

3 Transport : Non hazardous substance

4 Regulations : E.E.C. CLASSIFICATION  
With reference to the FEC Directive 88/379, CFR 2 the material cannot be considered dangerous

5 Protective measures, storage and handling :  
Stable under normal conditions

5.1 Technical protective measure :  
Avoid inhalation of fumes and vapours that may be released during processing at high temperatures. Is sufficient a good ventilation of the work environment

5.2 Personal protective measures :  
Not required

5.3 Industrial hygiene :  
No particular contrindications

5.4 Protection against fire and explosion :  
No special measures required

6 Measure in case of accidents and fire

6.1 After spillage / leakage / gas leakage :  
No particular contrindications

6.2 Extinguishing media :  
Product not inflammable

*pag 2/3*

6.3 **First aid :**  
No particular intervention

6.4 **Further information :** None

---

7 **Information on toxicity :**  
Up to now, there is no evidence of health risks when the products is worked and processed in correct manner.

---

8 **Information on ecological effects :**  
Owing to its characteristics, the material cannot be regarded as a dangerous waste

---

9 **Further informations :** None
